D. W. Cutting, a few days ago, when getting out of his carriage, caught his foot and fell to the ground, injuring himself quite severely, but at the present time is improving from a condition that at the first was considered to be serious.

Cambridge may at some future time, when her people feel able and the power at Fairfax Falls is developed, light her streets and dwellings by electricity, but for the immediate present our old methods will do. Cambridge is rather a conservative town, with limited means and plenty of light, with the aid of an ordinary lamp, to rejoice over the fact of being so well lighted. No manufactured light this year. Carefully.

The exercises at the M. E. church Sunday evening were of a very interesting and instructive nature, with a good audience in attendance. The subject "Treated by True Manliness," by Gifford Putnam, Mrs. Jessie Dunton and Leavens each giving illustrations of what to them true manliness in part consists of, acquitting themselves well in the limited time assigned each. The singing was very fine, especially the rendering of "Come Unto Me" by Miss Jessie Blaisdell, with organ accompaniment by Mrs. Lewis. Miss Blaisdell has a sweet, strong melodious voice, of a superior order, and but very few young ladies have such beautiful mouth music as does she, and it should not be allowed to grow old and remain untutored and unused. A voice like Jessie's should receive the benefits of good training, and whoever will aid in perfecting such a natural talent will be blessed and doubly paid.

Thibault the photographer has gone to Morrisville. He has done some very good work in public and on the streets, especially in the line of landscape work.

The young ladies of Unity church are preparing to render the drama "A King's Daughter," and will present it the last of this month.

The dance at the hotel last Tuesday evening was a decided success, nearly two hundred people being present, to participate in the dance and enjoy the music.

A. C. Raymond and wife returned from Long Island, and Portland, Me., where they have been stopping for several weeks, last Friday. Mr. Raymond's health is somewhat improved.

Mrs. Mary Raymond, one of the oldest residents of Stowe, died last Sunday afternoon. Mrs. Raymond was in her ninetieth year. She has been failing in health for some time but was able to be out on the streets until within a short time of her death.

There will be an entertainment called the "Deerick Skule" at the West Branch Meeting House next Friday evening, at 7.45. Many prominent people in the vicinity will appear in public and on the stage and a good time may be expected. A vocalist, and probably an organist, from abroad will also be heard at this entertainment. Admission 15 cents.

At Friday night sneak thieves took thirteen of George Hays' chickens and on Saturday Officer C. E. Burt did a little detective work, the result of which was the arrest of E. A. Allen and Hugh Allen, his brother, both of Stowe, who after being questioned by the officer, admitted that they took the poultry. A visit to the home of E. A. Allen disclosed the fact that many fowls had been slaughtered and many people in public and elsewhere have bought poultry of these parties for the last two years. Coupling this with the fact that for about the same length of time there had disappeared very mysteriously from the neighborhood, and elsewhere, several flocks of fowls, it would look as though these parties had been doing quite a business in this line. The boys are now in Hyde Park jail, while officers are looking up evidence, and it reports are true they will have a job that will occupy their time and attention for some time to come.

## Spring Medicine

Is a necessity because the tonic of winter air is gone, and milder weather, increased moisture, accumulated impurities in the blood and debilitated condition of the body, open the way for that tired feeling, nervous troubles, and other ills. The skin, mucous membrane and the various organs strive in vain to relieve the impure current of life. They all welcome

**Hood's Sarsaparilla**

to assist Nature at this time when she most needs help, to purify the blood, tone and strengthen the laboring organs and build up the nerves.

"I was troubled last spring with nervous prostration and had a bad cough. I could not sleep, and would get up in the morning with a headache. At last I began taking Hood's Sarsaparilla and I have now used six bottles. I can sleep well, nights and can walk long distances." Mrs. E. M. Lockwood, Meriden, New Hampshire.

## Purifies The Blood

"I was completely run down in health. I took three bottles of Hood's Sarsaparilla and was better in every way." ANSIE J. HOPE, North Sutton, New Hampshire.
